Please outline **in no more than 500 words** your current and past experience of working in the field of clinical trials:

Explain, **in no more than 500 words**, how the skills and qualification obtained from the MSc Clinical Trials course would benefit you and the institution at which you work, with respect to your current and/or future employment, and how this will impact upon the development of your home country. (*see note 3 overleaf*):

NOTES:

1. In submitting this application, the applicant confirms that all information and documents submitted are, to the best of the applicant's knowledge, genuine and accurate. The London School of Hygiene & Tropical Medicine reserves the right to suspend, withhold or withdraw any subsequent award at any time, should it have reasonable evidence that this is not the case.
2. In order for your application to be administered effectively and efficiently, it will be necessary for your details to be kept on file. All personal data held will be processed according to the principles of the United Kingdom Data Protection Act 1998. In signing this form, applicants give their consent to such process and also agree that their name may be made public in the event that they are selected for an award.
3. The scholarship selection committee is particularly keen to support applications from students that are likely to result in a clear benefit for their home country. You should demonstrate how you would apply the skills and experience gained from studying the course to the development of your home country. References to any existing national shortages or needs would be particularly welcome.

Submitting your application:

This application must be submitted to the following address:

Postgraduate Admissions Office,
University of London International Programmes,
Ground floor, Stewart House,
32 Russell Square,
