TELECOMMUNICATIONS LAW

Section D: Telecommunications: the international view

Candidates should answer **ONE** of the following **TWO** questions.

1. Critically analyse the decision in *Verizon Communications Inc. v. Trinko*, 540 U.S. 398 (2004) including its possible significance in terms of *ex post* telecommunications regulation in the United States.

2. 'The legal regimes, structure and roles of the WTO and the ITU are totally different so that a ranking of placement as the "primary" international regulator of telecommunications is not valid.'

Discuss whether or not you agree with the above statement, providing support for your position with reference to each institution.
